

SHOULDN'T YOU CALL THE SHOTS?

- ✓ What's more critical than your child's welfare? 37
- ✓ Can you really trust Pfizer with their health? 38
- ✓ Could the governments be wrong this time? 39
- ✓ Might not these shots harm your child? 40
- ✓ Won't a healthy immune system do the job? 41
- ✓ Is your choice about these shots fully informed? 42
- ✓ Shouldn't only you as parents decide what's best? 43

Did you know...

- 💡 In 2009 Pfizer paid 2.3 billion dollars in fines under the *False Claims Act, FDCA*? 44
- 💡 Governments have acted unlawfully repeatedly by mandating COVID shots for work and travel? 45
- 💡 COVID-19 is not life-threatening for a child with a robust immune system. 46
- 💡 Not knowing the risks or alternative options or being coerced violates informed consent? 47
- 💡 By court order Pfizer released data on the many recorded harms their COVID-19 shots caused? 48

Tips to KEEP Your Kids HEALTHY

NATURALLY!

BOOST THEIR IMMUNE SYSTEM.

- ✓ Breastfeed your child for 1st 6 months, at least. ¹
- ✓ Give them regular and adequate sleep times. ²
- ✓ Mix fresh fruit and vegetables in their diet. ³
- ✓ Add gut-building probiotics like kefir & yogurt. ⁴
- ✓ Send them out into the sunshine and fresh air. ⁵
- ✓ Let them run and play and enjoy life. ⁶
- ✓ Shower them with love and praise. ⁷

Did you know...

- 💡 Birth canal babies have fewer auto immune issues than C-Section babies? ⁸
- 💡 Vitamin C-rich foods strengthen your child's immune system and prevent colds? ⁹
- 💡 Vitamin D from sunshine gives kids an extra layer of protection from viruses? ¹⁰
- 💡 A happy child enjoys a much stronger immune system? ¹¹
- 💡 Probiotics (the "good" bacteria) are one of the best natural immune boosters for kids? ¹²

GUARD THEIR IMMUNE SYSTEM.

- ✓ Optimize immune health in the prenatal phase. ¹³
- ✓ Identify and avoid intake of food allergens. ¹⁴
- ✓ Keep yourself & your home drug & toxin-free. ¹⁵
- ✓ Model calm, stress-reducing behaviour. ¹⁶
- ✓ Prevent obesity with good diet & exercise. ¹⁷
- ✓ Assess the risk-benefit of each standard vaccine. ¹⁸
- ✓ Be alert to risky experimental therapeutics. ¹⁹

Did you know...

- 💡 COVID shots are known to harm the placenta and pre-born child, as per Pfizer's trial data? ²⁰
- 💡 Vaccinating children too early can lead to increased autoimmune issues? ²¹
- 💡 Traditional vaccines may prevent illness and its spread, but the COVID shots do neither? ²²
- 💡 A doctor's licence is suspended if they follow their Hippocratic Oath and advise against these shots? ²³
- 💡 Studies link the adverse reactions of COVID shot victims to strange particles found in their blood? ²⁴

RESPECT THEIR IMMUNE SYSTEM.

- ✓ Teach your kids about natural passive immunity. ²⁵
- ✓ Teach them about their innate immune system. ²⁶
- ✓ Teach them about their acquired immune system. ²⁷
- ✓ Research if the COVID shots are even necessary. ²⁸
- ✓ Decide whether or not they are effective. ²⁹
- ✓ Decide if the known risks outweigh the benefits. ³⁰
- ✓ Model best practices for ideal immune health. ³¹

Did you know...

- 💡 Your child's developing immune system is amazing and incredibly complex? ³²
- 💡 Natural immunity to COVID is long-lasting, but the mRNA shots are harming the immune system? ³³
- 💡 VAERS (USA) reveals over 145 kids under 18 died within 14 days of receiving their COVID shots? ³⁴
- 💡 Masking a child for long periods can actually impair their immune system? ³⁵
- 💡 VAERS reveals that 1.9% of 6 month to 5 year olds suffered severe reactions to their mRNA shots? ³⁶
